

PROTECT NEW PALTZ

Spring 2022 COVID-19 guide to policies based on your vaccination status*

IF YOU ARE...	UP-TO-DATE ON YOUR VACCINATION	NOT UP-TO-DATE ON YOUR VACCINATION	NOT VACCINATED
That means...	You have all the vaccinations you are eligible for, up to 3 shots including the booster, and uploaded proof to your COVID-19 Profile.	You are eligible for a booster but haven't been boosted yet, or haven't uploaded your booster to your COVID-19 Profile.	You have not gotten any vaccination, you are exempt from vaccination, or you have started but not completed your first vaccination series.
Start-of-spring testing	Get a test before you come back to campus and during your first week back on campus.	Get a test before you come back to campus and during your first week back on campus.	Get a test before you come back to campus and during your first week back on campus.
Surveillance testing during the semester	Once boosted, you're exempt from testing after the start-of-spring requirement. You can still get a test whenever you want.	You must participate in surveillance testing, about once a month during the spring semester.	You must get tested every week you are on campus (no exceptions!).
If you get exposed to COVID-19...	You do not have to quarantine, though you should still schedule a test 3-5 days after the exposure.	You must quarantine for 5 days, then wear your mask everywhere for an additional 5 days.	You must quarantine for 5 days, then wear your mask everywhere for an additional 5 days.
If you test positive for COVID-19...	You must isolate for 5 days, then wear your mask at all times around others for 5 more days.	You must isolate for 5 days, then wear your mask at all times around others for 5 more days.	You must isolate for 5 days, then wear your mask at all times around others for 5 more days.
Masking during the semester	You must still mask indoors, outside of your room (unless actively eating or drinking in dining locations).	You must still mask indoors, outside of your room (unless actively eating or drinking in dining locations).	You must still mask indoors, outside of your room (unless actively eating or drinking in dining locations).
Other health and safety practices	Social distance wherever possible. Wash your hands with warm, soapy water. Get your flu shot!	Social distance wherever possible.
