

Overview:

New Approach to Remote Teaching/Learning Training and Certification

New Features

- On demand in the D2L Brightspace DLE
- No approval needed to access training and certification materials
- Move at your own pace
- Certification can be added to CV
- On going access to training resources for future reference as you need them

Note: While certification is a requirement to teach in an online modality, certification does not guarantee the opportunity to teach online.

New Certification Content

- **Foundational Certification**
 - Core DLE
 - Core Pedagogy
 - Core Accessibility
- **Certification**
 - Core Modalities
 - Advanced Skills
- **Recertification**
 - Tools and Best Practices Update

Certification Process

Foundational

(lasts 2 years)

Training content available on demand in D2L Brightspace and remains available for on-going access as needed

Review content at your own pace

Score 80% or better on all 3 content area checkpoints (faculty who have already completed Core DLE/Core Pedagogy do not need to retest those two content areas)

Certification

(lasts 4 years)

Training content available in D2L Brightspace upon successful Foundational Certification and remains available for on-going access as needed

Review content at your own pace

When you feel ready, sign up for one of 4 annual OSCQR courses reviews

Recertification

(every 4 years)

Recertification content and skills review quiz available to all certified faculty in D2L Brightspace

When you need recertification, score 80% or better on the content/skills checkpoints and sign up for one of 4 annual OSCQR course reviews
